

## Charlene's Angels Newsletter April 2026

April showers bring May flowers — and our clients are blooming right along with them. This month was full of learning, laughter, and hands-on experiences. We enjoyed weekly bowling at Hi-Way Lanes, great movies at our local theater, active days at the Mount Pleasant Community Life Center, and delicious meals at Brozinni's, O'Charley's, and More Than Just Burgers. For Earth Day, we went on an outdoor scavenger hunt and explored the phases of the moon through a fun, hands-on activity. We also visited the University of Indianapolis to see *The Addams Family* play, which was a big hit. At Cup of Grace, daily living skills are part of our routine. Everyone has specific jobs and takes turns completing them — practical, meaningful, and enjoyable. We also had an action-packed visit to Dave & Buster's, filled with games and excitement. In the classroom, we begin each day with prayer and a gratitude check-in before moving into social skills, language development, fine motor activities, and plenty of movement. We pack a lot into each month, but it's about more than staying busy. Every experience — in the classroom, in the community, and in daily routines — helps our clients grow in confidence, independence, and joy. This is a place where they don't just participate; they truly flourish.

### Hours of Operation
